

Mirage

The strong aesthetic appeal of this robust system, with rimless glass panels and bold functional metal supports, will help to create an upmarket, minimalist washroom. High opacity privacy glass is naturally resistant to chemicals and is the ideal combination of hygiene and design.

Glass panels in a choice of colours and finishes

Ceramic-baked toughened glass

Complementary glass duct panelling

Highly engineered, pressure-clamping channel brackets

Adjustable legs for ease of installation

Functional and striking components in satin-anodised aluminium

Can be used as shower cubicles with doors or curtains

Details
