

# Maranté

Adaptable and chic, Maranté is minimal washroom styling at its best. The flush surface appearance is achieved with a unique design of pilaster, rebated to run in-line with the doors, and creates an impressive elegance.

The panelled look is complemented by the total privacy that this full height system offers, and combines to make Maranté the most desirable washroom solution.

---

Wood veneered or high pressure laminated panels

---

Attractive real wood veneers

---

Full height system with option of full height doors instead of over-door panels

---

Flexibility of cubicle sizes to suit the space available

---

Fall-to-close hinges used to maintain flush appearance

---

Versatile system – can be installed in conjunction with solid dividing walls

---

## Details
