

Superloo

An all-in-one unisex facility, the Superloo offers space-saving units, a toilet pan and wash basin. Maximising limited interior space, this is the ideal design when a stylish, compact solution is required. The vanity unit, from Maxwood's Xaron range, features a pre-laminated framework and pre-hung removable panels for fast and easy installation on site. This system offers maximum privacy and a wide range of sanitaryware options. It is built for access from the end or the side, according to the space available.
